

SCRUM DEVELOPER

PROFESSIONAL CERTIFICATION

SDPC™ Version 012022

CertiProf®

Introduction

CertiProf® offers the Scrum Developer Professional Certification SDPC™ program to validate your knowledge about Scrum. Our examination is a multiple-choice online test, and you can take it from your PC from anywhere around the world.

After completing the Scrum Developer Professional Certification exam, you can expect to gain a general overview and understanding of how to deliver a potentially releasable increment of “Done” product at the end of each Sprint. We recommend you to continue your Scrum professional education with the Product Owner Professional Certification SPOPC™ or Scrum Master Professional Certificate SMPC®.

Our certification will allow you to cover all the Scrum framework knowledge, key definitions, and roles. After this, you will be ready to embark on a journey towards the Scrum Advanced Professional Certification SAPC™.

Learning Objectives:

- Understand the role of a Scrum Developer based on the Scrum Guide™
- Understand the responsibilities of the Scrum Developer
- Prepare to perform the role of a Scrum Developer in an organization that uses Scrum
- Understand key terms and definitions to pass the Scrum Developer Professional Certification SDPC™ exam successfully
- Achieve recognition with the CertiProf® Professional Certification

Target Audience:

- Anyone interested in expanding their knowledge in the Scrum Developer Role
