

# SCRUM MASTER PROFESSIONAL CERTIFICATE

SMPC® Version 012022

**CertiProf**®

## Introduction:

CertiProf® offers the Scrum Master Professional Certificate SMPC® Program to validate your knowledge about Scrum. Our examination is a multiple-choice online test and you can take it from your own PC from anywhere around the world.

After the completion of the Scrum Master Professional Certificate exam, you can expect to gain a general overview and understanding of Scrum theory, practices, and rules.

We recommend you to continue your Scrum professional education with the Product Owner Professional Certificate SPOPC™, followed by the Developer Professional Certificate SDPC™.

This will allow you to cover all the Scrum framework knowledge, key definitions and roles. After this, you will be ready to embark on a journey towards the Scrum Advanced Professional certificate SAPC™.

### Learning Objectives:

1. Introduction to Agile and Scrum
2. Scrum practices
3. Scrum planning
4. Scrum events
5. Monitoring Scrum projects
6. Advanced Scrum concepts
7. Scrum Master Role
